Sir/Madam,

The PCI is in the process of digitalising its approval process for admissions for the year 2019-2020. For this, the new institutions and already approved institutions will have to register with the PCI portal. Shortly a link on PCI website www.pci.nic.in will be provided for the same. As soon as the link is available on PCI website, the institution will have to register and get its ID and password to enable itself to submit its application for approval in Council's prescribed Standard Inspection Form (SIF)

Once the registration process is over, PCI will notify the date for submission of SIF along with applicable fee for –

- a) starting of new course/new institution.
- b) extension of approval
- c) increase in intake

The applicable fee (inspection fee/affiliation fee) will be received by the PCI only through online payment portal. Hence institutions are requested to equip themselves for making online payments accordingly.

The institutions are requested to save its registration ID and password along with reference of payment made which may be required at all times for processing of their application.

This is for information & necessary compliance.

Yours faithfully,
