PHARMACY COUNCIL OF INDIA

(Constituted under the Pharmacy Act'1948)

Website

Ref No.14-274/2015-PCI

1 0 SEP 2015

To,

All institutions approved for running B.Pharm course u/s 12 of the Pharmacy Act, 1948.

Sub: Research publications in the field of pharmaceutical sciences

Sir

1. As you are aware, some of the pharmacy institutions have published articles in the various scientific journals nationally and internationally. Quite often, such works are not highlighted in the various reports of the country. The matter was considered by the Central Council in its meeting held on 20th and 21st June, 2015 which decided to make a provision on the Council's website and ask the institutions to upload their research publications on it.

2. Accordingly, space has been provided on the Council's website www.pci.nic.in under the heading- **'Research Publication By Pharmacy Institutions'** for uploading research publication. 958 research publications have already been posted on the PCI website by 20.8.2015.

3. It is, therefore, requested that research publications of your institution may please be scanned and uploaded on the Council's website from time to time. While doing so, the following details may also be indicated:-

    a) Name of the research scholar/faculty
    b) Topic of the research article
    c) Name of the journal with the month and year of publication
    d) Disclaimer clause, if any

4. It is proposed to compile all such publications at the Council's end and this compilation would be shared with the pharmacy institutions all over the country which will be of great use to the students and faculty and will lift the standard of pharmacy education.

Yours faithfully

(ARCHNA MUDGAL)
Registrar-cum-Secretary
